ENGAGEMENT RING DESIGN WORK SHEET

- What's your style? Bold and geometric or delicate and organic? Antique or sleek? Are you drawn to symmetry or do you like things that are more unstructured?

- Do you prefer white metal, yellow gold, or a combination?

- If you like white rather than yellow metal, should you choose platinum over white gold? (See our "Questions" page, #4)

- Will the metal be highly polished or textured?

- Is the band domed or flat?

- How wide is your ring? Is it the same width all the way around, or does it taper?

- Will there be diamonds? What shape? What size? What quality? How many?
